

Booker T. Washington Parent Survey

21ST CENTURY COMMUNITY LEARNING CENTER APPLICATION FOR BOOKER T. WASHINGTON ELEMENTARY SCHOOL

We have an exciting opportunity to share with you!

Booker T. Washington Elementary School, in collaboration with the Capital School District, will be applying for a 21st Century Community Learning Center grant through the Delaware Department of Education. The program will support the following areas:

- Provide academic enrichment opportunities during non-school hours for children, particularly students who attend high-poverty and low-performing schools
- Offer students a broad array of enrichment activities that can complement their regular academic programs
- Help students meet state and local student standards in core academic subjects, such as reading and math
- Offer literacy and other educational services to the families of participating children

The Delaware Department of Education manages statewide competitions and awards sub-grants to eligible entities. For this program, "eligible entity" means a local education agency (LEA), community-based organization, another public or private entity, or, ideally, a consortium of two or more of such agencies, organizations, or entities. States must give priority to applications that are jointly submitted by an LEA and a community-based organization or other public or private entity. Consistent with this definition of eligible entities, faith-based organizations are eligible to participate in the 21st Century Community Learning Centers program.

Sub grant awards for 21CCLC programs are for a period of 3 to 5 years. Sub-grantees must primarily serve students who attend schools that are eligible as Title I schoolwide programs (40% or higher poverty level, based on the Expanded Poverty definition). Sub-grantees must offer opportunities for families to actively and meaningfully engage in their children's education. (A component of this may include family member and caregiver literacy programs). Sub-grantees are required to submit a "Sustainability Plan" describing how the community learning center will continue after 21st CCLC funding ends.

Please go to the following site for additional information on the grant application

<https://www.doe.k12.de.us/Page/1058>. Contact Dr. Paige Morgan (paige.morgan@capital.k12.de.us) or Mr. Eugene Montano (Eugene.Montano@capital.k12.de.us) for additional information.

On the next page is a short survey to get your feedback on this upcoming project! ☺ Please complete and return to the school at your earliest convenience.

We thank you for input!

PARENT SURVEY

1. Does your child currently attend an after school program? **Yes or No**

2. What would you find most beneficial from an afterschool program?
(Check all that apply)
